Mattia's concert is a particularly interesting and unusual programme that promises a beautiful and rare musical journey that unites some of the best music written in a Jewish style, touching diverse aspects: references to the Hebrew Bible, the Sevenfold Lampstand, the Biblical Hebrew Feasts and the Jewish prophets, as well as the Israeli dances, weddings, and folk songs; from the famous within e.g. Milhaud, Bloch and Bernstein to the less known Alexander, Ben-Haim, Tal and Ullmann.

Don't miss this unrepeatable opportunity to listen to music that is unpublished, of rare performance and scarcely available on CD!

Come and enjoy the fresh touch of the Jewish style into the depths of classical piano music!
